A public meeting of the contributors to the fund to improve the public ground south of Market street, was held July 21st, 1859, in pursuance of a call to that effect, at the store of C. Kratzer & Sons.

Hon. G. R. Barrett was called to the chair and the following proceedings had:

Resolved, That C. Kratzer, O. B. Merrill and D. F. Fitzweiler, be elected trustees for the purpose of superintending the improvements, &c.

Resolved, That the Trustees be requested to proceed immediately to clear off, grade and prepare the ground and erect a fence around it.

Resolved, That the fence be built of paling one and a half inches square and four feet six inches long; that there be a bottom board 12 inches wide; that the space between the paling be 3 1/2 inches; that the posts be of chestnut, and the fence when completed be five feet six inches in height from the ground.

Resolved, That the ground be plowed in whole or in part at the discretion of the Trustees.

Resolved, That the posts be sunk in the ground three feet and filled in with stones.

Resolved, That the Trustees be authorized to expend the necessary amount of money to make said improvements, and collect the same from the subscribers. G. R. BARRETT, Pres.

The "Mountain Cavalry" is the name of a horse company that is being raised by some of the citizens of Morris, Graham, Bradford and Girard, the headquarters, we understand, to be at Kylertown. Those taking an interest in the matter, are actively at work getting uniforms made and taking such other steps as will ensure its early organization. The military spirit in this county seems to have been brightening up for some time, and among the companies formed during the past year, is a fine one called the Clearfield Rifle Company.

One morning last week, Judge Wright went to his field to bring in his horse. The grass being wet, he jumped on the horse, without a bridle, to ride him, when the animal made a sudden spring and threw the Judge headlong to the ground, scratching his face considerably. "Sagacity" wonders whether the Judge didn't want to astonish the town by acting "Mazepa," and was just practicing a little when the mishap occurred.

A Camp Meeting, commencing on Friday the 24th of September, will be held on land of Mr. James Turner, on the Cross-cut pike, in Boggs township. Rev. Daniel Pringle is the preacher of the charge.

During the past two days we had a number of refreshing showers, which will do much good to the potato, corn and buckwheat crops. The oats look well and give promise of an abundant yield.

We direct the attention of parents and others to the advertisement of Dickinson Seminary, located at Williamsport, which appears in another column of our paper.

A number of persons are announced in another column as candidates for nomination by the People's County Convention.

Robt. W. Dallas gives notice that he is prepared to supply all who may want the article with a good quality of lime.

CLIPPINGS AND SCRIBBLINGS.

- Cutting out—our farmers.
- Coming down—the price of flour.
- Handsome—Boynton's new iron fence.
- Fine—the showers, on Sunday and Monday.
- Good—the prospect, for a large Buckwheat crop.
- Mock auction store—a place where the buyer is sold.
- At work—the committee on the North ward public grounds.
- Has withdrawn—Judge Leonard as a candidate for the State Senate.
- Bad sign—to see a fellow wiping his mouth as he comes out of a cellar.
- Believed—that the cotton crop of Texas will reach 350,000 bales this year.
- Ink—a caustic which sometimes burns the fingers of those who make use of it.
- Still open—the hog-wallow on Market street. Why ain't the nuisance abated?
- Made recently—a number of good sidewalks in different parts of town. That's right.
- The treasure we value most, we hide," as the man said when he was beating his wife.
- Put in circulation—seventy-three new counterfeits, since June 1st, in the U. States.
- A fire like a pretty woman—neglect it in the least and your reliance upon it is gone.
- Stirring about—the Democratic candidates, trying to secure the nomination. "Let 'em went," say we.
- Determined—Paul Morphy, to make N. York his future residence, and enter upon the practice of the law.
- The last Legislature of Texas contained thirteen "men of mark." Not one of them could write his name.
- An Indiana paper calls Mrs. Swisshelm "a fierce old hen." Wouldn't he be surprised if she'd scratch that chap.
- Manufactured—considerable quantities of male sugar, in California. So there are sappers as well as miners in that State.
- The Washington Constitution says that "Evidence has preserved the Democratic party." Charming preserves it makes, to be sure!
- Still unable to take up its paper—the Central Bank at Hollidaysburg. The Register says "it is now totally declined by many business men."
- In Hamilton county, Ohio, during the past year nearly 3,500 persons were naturalized; about 700 were Irish, 122 English, and 2,600 German.
- Noticed—by the Petersburg (Va.) Intelligencer, the sale of a crop of wheat 130,000 bushels at \$1.20—to be delivered in August and September.
- The biggest mule known, is now owned by a Mr. Frost in Wayne county, Indiana. The weight is given at 1,855 pounds, height 19 1/2 hands, which is 6 feet 6 inches.
- Bobbing around—the chairman of the Democratic County Committee. Some curiosity is felt to know if he is electing for any of the candidates, and if so, for whom!
- Stung to death—a horse, by a swarm of bees, in Middlefield, Mass., last week. They lit upon him, and soon rendered him insensible—his groans could be heard for a quarter of a mile.
- Asserted—that France is now more licentious and dissolute than at any time since the first Empire. The motto seems to be, "society melted into licentiousness is easiest governed."
- Twenty leading Democratic papers of Mississippi advocate the reopening of the slave trade, and Mr. Buchanan's collector at Vicksburg openly and offensively urges it as a party measure.
- Lucky—Miss Sarah E. Lockwood, of Chesapeake City, Md. She has been bequeathed the handsome sum of one hundred and fifty thousand dollars, by an aunt who recently died suddenly in New York.
- Received lately—a letter, at the Chicago post-office, directed "to an Honest Man." The chief clerk sent it to the dead letter department, with the candid confession that the man addressed did not live in Chicago.
- Have a new brand—the Pike's Peakers, among whom gambling and whisky-drinking flourish extensively. It is called "Tanglefoot" whisky, sells for 25 cents a drink, and will almost make a man shed his toe nails.
- Economy in small things is the order of the day at Washington. They are dismissing light-house keepers, custom-house officers, mail agents, and other little fish, while the big ones flap and flounder in the undisturbed possession of their pickings.
- Enacted—a horrible tragedy, near Freeport Illinois, on Tuesday a week. A German, named Peter Arndt, killed three of his children, by chopping them with an axe, and so wounded the fourth that it is likely to die. It is not stated what caused the dreadful crime.
- The Lancaster Union says that the farmers of that county have just gathered the largest crop of wheat that has ever been secured in that county. It says the crop is an enormous one—"if we were allowed to guess, we would not make the figures less than four millions of bushels."
- A "Hoosier Girl" has recently been discovered in Knox county, Indiana, who is under twenty, weighs 110 pounds, and followed and kept up with a cradle on a newly binding one hundred and sixty dozen large bundles of oats. She said she could easily have bound two hundred if the cradle could have cut them.
- A young man of the name of Gupp has been dishing the Democracy of St. Paul and Taylor's Falls out of \$1,000, which he took with him to Chicago to buy a press and materials for the publication of a Democratic paper. He has forgotten to return, and his friends are anxious to discover his whereabouts. He has a touch of the ruling passion.
- During the storm on Tuesday a week, a stroke of lightning killed eighty-five sheep in one drove, on Mud lane, near Belmont Avenue, West Philadelphia. They were huddled under a tree at the time. Only one of the sheep was marked by the disaster, that being evidently the first one struck, and it was hit in the side and cut open in every direction.
- On the 15th July, the attractive and hitherto-respectable wife of Geo. T. Shaw, a photographer of Louisville, deserted her home in company with one Lloyd, and was pursued by her husband and captured at Louisville. She returned protesting that she was repentant, and would ever after be constant. On Monday evening she again fled. The parties proceeded to Lexington, and thence to Paris and on to Maysville. Mr. Shaw arrived at Lexington after the birds had flown.

SPECIAL NOTICE TO BOOK BUYERS

My attention has been called to statements made through the public journals, by a New York Gift Store, in which are calculated to deceive; who even presume to advertise themselves as the originators of the Gift Book Enterprise, which was first successfully established, and I may say honorably conducted by myself. This concern, who are proclaiming themselves, "The oldest in the business," is an imposter, not only for their first ideas of conducting the business, but for stock to commence with, and a place to commence in. Their statement, that this is "The fifth year of their location in New York," is also false. It has no account of the name connected with the New York Gift Store, that it was a branch of my Original Enterprise; but it is not so, and I wish it distinctly understood, that I am not in any way responsible for their deceptive advertisements, nor for the manner in which New York Gift Store concerns are conducted. And holding the position I do, as the Originator of the Gift Book Enterprise in the United States—having established it at my own risk, in its present high position, by constant labor, unwaried application, and large expenditure of money, I deem it my duty to the public and myself to expose these pretended "originators," who are attempting to impose upon the people, and who have publicly stated that these parties have been referring, without authority or permission, to the largest and most widely known publishing house in the United States. I am informed by this firm, which is located in this city, that not only have they never given permission to this New York Gift Store to refer to them, but they utterly disclaim any knowledge of their business or standing. The foregoing is published for the satisfaction of the public, and for the person or persons, by the most incontrovertible proofs. July 11, 1859-6m.
